

**The TCBF provides financial relief to individual and non-profit organizational members of the Greater Boston Theater Community:** Playwrights, Actors, Directors, Designers, Crew, Managers, and Administrators, both current and former. **That means YOU!**

If an **unforeseen catastrophic life event** (such as, but not limited to, extreme illness, theft/vandalism, or fire) has created a financial burden, you can apply to the TCBF for funding. All inquiries and applications are reviewed in a confidential, respectful manner and applicants are treated with dignity, discretion, and compassion. All distributed monies are **grants**, not loans.

You may not need us now, but you may know someone who does. **The TCBF has been helping members of our community in times of need since 1997.**

The application process is easy and the TCBF is here to answer questions and provide assistance. For more information, or to apply for funding, please **visit [tcbf.org](http://tcbf.org).**
